

Goal of the course

Goal of this course is to train the applicant on the level of expertise necessary for providing PPL(A) training.

Entry requirements

- The applicant has to have valid medical certificate of the 1st class.
- Minimal age of the applicant: 18 years.
- Holder of PPL(A): before the beginning of FI(A) training, the applicant has to complete CPL(A) theoretical examination including practical entrance examination, the applicant also has to have at least 150 flight hours as pilot in command (PIC).
 - Holder of CPL(A): the applicant has to have 200 flight hours from which at least 100 flight hours as pilot in command (PIC).

Of the total flown flight hours applies, that:

- The applicant has to have at least 30 flight hours on SEP (single engine planes), from which at least 5 flight hours had to fly in the course of 6 months previous practical flight examination.
 - The applicant has to complete at least 10 flight hours of the instrument flying training, 5 hours from it can be on FNPT II or FS
 - The applicant has to complete at least 20 hours of navigation flights as a PIC including one flight with minimally 300 NM length with two full landings on other airfields, different from origin airfield.

Training program

After fulfillment of all entry requirements it is possible to begin with the training course which is composed of theoretical teaching and practical training.

Theoretical part contains about 120 hours, that pilot-student completes before and during flying.

Practical part of flying contains 30 flight hours. Training takes place on plane Zlin Z-142 or on Zlin Z-326 (legendary „Trainer“). Training takes place at our airport in Zbraslavice but also at other airports.

Exams

Theoretical examination is not required. Only verbal examination is necessary before the beginning of practical examination..

Practical part takes usually between 45 to 60 minutes and must be made by examiner from Civil Aviation Authority.
