

Goal of the course

Goal of the course is to train pilots on the level of expertise necessary for flying on multi-engine single-pilot aircraft.

Entry requirements

Taker of this qualification must be holder of PPL(A) license and must have fulfilled minimal total flight hours – 70 flight hours as the pilot in command (PIC).

Training program

Theoretical part of the training includes 7 hours with authorized instructor from our flight school.

Practical part of the course includes 6 flight hours on plane type L-200 Morava. Training syllabus includes flying circuits, flying in the area, training emergency procedures including flying and landing with one operating engine. Every flight is taken with instructor on board.

Exams

Theoretical examination isn't required.

Practical examination must be taken with examiner from Civil Aviation Authority (ÚCL).

Content of the test are piloting technique, flight on a circuit, in the area and demonstration of emergency procedures.
